2021 Mollydooker Velvet Glove Shiraz <i>McLaren Vale</i>	50	240

Our Enomatic Wine Preservation system works to protect the quality and preserve the lifetime of open bottles of wine. The system creates a barrier between the wine and oxygen in the atmosphere by displacing it with Argon, one of the Noble gases.

Noble gases are colourless and odourless, with a very low reactivity, well suited to insulating the contents of open bottles from oxidation.

This allows us to showcase a range of premium quality wines to you, served by the glass. Because great food and great company is always better with great wine.

Half glass serves also available on request
